2. Why: to help our school with a variety of needs--supporting chromebooks, class textbooks, merit rewards, etc. The 2020-2021 school year promises to be one of many unknowns, so we want to be prepared for any need that may arise. We are trying to think of fun activities that will keep students motivated during their distance learning experience, and our Friends group is just the group to help, but only with your help too!
