COMMENTS

We have been so busy this summer! Our Maintenance Man, Nick, has been operating on his own while we recruited to find the perfect part-time candidate to support him. Allison Robertson just joined our team and is already busy at work. So far this summer, we have tackled several big projects:

- New Signage at each campus
- Over 100 Solar Panels installed on the Lower Campus
- New LED Lighting installed in all of our K-3rd grade classrooms
- Major repairs to one of our modular buildings
- Re-painting of all striping and sports courts
- A complete make-over or “flip” on our Deodora Room to accommodate our new Counselor along with our entire SPED Team

X. DISCUSSION/ACTION ITEMS

1. Approve Local Control and Accountability Plan (LCAP) for Buckeye Union School District

Superintendent David Roth stated that on June 12, 2018 the public hearing for the LCAP was held and the document presented that evening is the same document presented tonight - there have been no changes to the LCAP. The LCAP plans for the District to move forward with the current education program established by the District. The final LCAP was presented for Board approval. Dr. Roth said that he will come back to the Board with updates regarding the chronic attendance report. Buckeye Union School District LCAP can be found on our website.

Board President Brenda Hanson-Smith asked the Board to allow Superintendent David Roth to present all three LCAP and then have the Board take action on all three LCAPs after being presented, as one Agenda Item. All members agreed and Dr. Roth presented the Local Control and Accountability Plan (LCAP) for Buckeye Union School District, Charter Montessori, and Mandarin Immersion Program and requested the Board approve the same.

2. Approve Local Control and Accountability Plan (LCAP) for Charter Montessori, Valley View Campus

Superintendent David Roth stated that on June 12, 2018 the public hearing for the LCAP was held and the document presented that evening is the same document presented tonight - there have been no changes to the LCAP. The LCAP plans for the District to move forward with the current education program established by the District. The final LCAP was presented for Board approval. Dr. Roth said that he will come back to the Board with updates regarding the chronic attendance report. Buckeye Union School District - Valley View Charter Montessori LCAP can be found on our website.
3. Approve Local Control and Accountability Plan (LCAP) for Mandarin Immersion Program

Superintendent David Roth stated that on June 12, 2018, the public hearing for the LCAP was held and the document presented that evening is the same document presented tonight - there have been no changes to the LCAP. The LCAP plans for the District to move forward with the current education program established by the District. The final LCAP was presented for Board approval. Winston Pingrey motioned to approve the Local Control and Accountability Plan (LCAP) for Buckeye Union School District, Charter Montessori, and Mandarin Immersion Program. Kirk Seal seconded the motion. The motion carried 5-0.

4. Approve 2019/2020 Budget Adoption

Assistant Superintendent, Jackie McHaney advised the Board that estimates of the District’s financial operation must be approved prior to spending money beginning July 1st. (Education Code §42127) If a budget is not adopted and submitted to the County Office of Education, no expenditures can be made or payroll processed. A Public Hearing on the draft 2019-2020 Proposed Budget was held on Wednesday, June 12, 2019, at which time all interested persons were given the opportunity to address the Board concerning the proposed budget and in compliance with SB 858 the district provided, at the public hearing, the following information:

- The minimum reserve level required in each year;
- The amount of assigned and unassigned end fund balances that exceeds the minimum in each year; and
- Reasons for reserves being greater than the minimum

It is estimated that for the 2019-2020 fiscal year, the District will receive a total of $40,411,016 in LCFF funding and $46204,906 in total funding from all revenue sources. The District’s proposed budget has been built using the best information available at this time. The State revenues are based on the Governor’s May 2019 revised proposed budget and all budget assumptions are identified in the Report.

A multi-year projection is included with the Adopted Budget and serves to assist the District in making the determination that it is able to meet the
financial obligations for the current fiscal year and the next two fiscal years. The multiyear budget projections show that the District will be able to maintain the minimum economic reserve of 3% and the additional Board reserve of 1% for the 2019-20, 2020-21 and 2021-22 budget years. Ms. McHaney noted, however, that the current year budget and multi-year projection does not include any labor settlements for any of the three fiscal years.

Ms. McHaney requested that the Board adopt the budget as presented for the 2019/2020 fiscal year.

Kirk Seal motioned to approve the 2019/2020 Budget as presented. Gloria Silva seconded the motion. The motion carried 5-0.

5. Adopt Resolution No.19-17: Determination of Use of Education Protection Account Funds for 2019/2020

Assistant Superintendent Jackie McHaney said that every year we need to adopt our EPA funds, Prop 30 Resolution. Prop 30 requires that the District governing Board make EPA spending determinations in an open session at a public meeting and that no funds budgeted for use for the salaries and benefits of administrators or any other administrative costs. The District has budgeted the use of its EPA funds solely for classroom instructional salaries. The District annually posts on its website an accounting of how much money was received and how that money is spent.

Total estimated EPA funding of 6,840,016 is to be expended in 2019-20 in functions 1000-7999 and will be used for instructional purposes. Ms. McHaney presented the staff report and requested that the Board adopt Resolution 19-17. No public comments were made.

6. Adopt Resolution No.19-18: Apportioning the Special Tax as Provided Therein for the Buckeye Union School District Community Facilities District No. 2007-1 (Valley View)
Director of Facilities, Brian McCahon, advised the Board that the District, as administrator of the Valley View CFD No. 2007-1, is required to prepare the annual tax roll to be submitted to the El Dorado County Controller by August 30, 2019. The Special tax levy and apportioning the special tax requires the adoption of Resolution No. 19-18. The collection of tax is estimated to be $1,581,484.08 for the fiscal year 2019/20. No Public comments were made.

Winston Pingrey motioned to approve Resolution No. 19-18: Apportioning the Special Tax as Provided Therein for the Buckeye Union School District Community Facilities District No. 2007-1 (Valley View). Kirk Seal seconded the motion.

7. Statement of School Availability

Director of Facilities, Brian McCahon, presented the Statement of School Availability which is an annual requirement. Mr. McCahon said that legislation required that the District provide developers information regarding the availability of classroom seats. Mr. McCahon requested that the Board adopt the Statement of School Availability as presented.

Gloria Silva motioned to approve the Statement of School Availability. Kirk Seal seconded the motion. The motion carried 5-0.

8. 2019/2020 Addendum to Superintendent, Administrative Services Contract

Assistant Superintendent Jackie McHaney advised the Board that per the terms of the current Employment Agreement with Superintendent Roth, should he receive a satisfactory evaluation for the 2018-2019 school year, the Agreement extends for an additional year. Superintendent Roth did meet and exceed the expectations of the Board when he received his evaluation in closed session at the June 26, 2019 meeting. As a result, the proposed Addendum extends the Superintendent contract through June 30, 2022.

Jon Yoffie motioned to approve the 2019/2020 Addendum to Superintendent Contract. Kirk Seal seconded the motion. The motion carried 5-0.

ENROLLMENT PROJECTIONS
This Demographic Study provides a comprehensive enrollment analysis. The district-wide and school-specific enrollment projections are meant to serve as a planning tool to help with both long- and short-term planning. Demographic Studies examine the factors that influence school enrollments, namely trends in demographics, birth rates and housing development.

The study is also used as a tool to identify certain facility planning requirements such as capacity utilization of existing facilities, planning for modernization or new construction and attendance boundary redistricting.

This study provides information based on the 2019/20 District enrollments and programs, local planning policies and residential development. As these factors change and timelines are adjusted, the Demographic Study should be revised to reflect the most current information.

METHODOLOGY
The enrollment projections for each school are generated using a State standard weighted cohort trend analysis. The basic projections are created by studying the individual geographic areas. Once the trends are analyzed for each area, the base projections are modified using the following procedures:

- Neighborhood School Attendance Area Analysis: Each school attendance boundary will be input into our GIS (Geographic Information Systems) Software. Students are counted in each of the attendance area boundaries based on their residential address and can be studied to view optimum and balanced utilizations. Attendance pattern maps for each individual boundary will analyze impacts of intra-district transfers from within the district boundary, as well as inter-district transfers from neighboring school districts.

- Inter-district student counts are not included in the base geographic trend analysis since these students reside outside of the District. Therefore, the current number of students-per-school and students-per-grade are added to the base projections.

- Intra-district students are those who transfer from one school to another. The number of students transferring into and out of each school are calculated and used to determine the difference between the projections for students living in each attendance area versus those that are projected to attend the school.

- Cohort Trend Analysis: The number of students living in the boundary are used to generate the cohort factors. The weighted average of the three (3) years is determined with the current year weighted 50%, the prior year 33.3% and the last year 16.7%. This gives the current trends more value in determining the projections. Those cohorts are then used to determine the students who will be residing in each attendance area for the following years.
Proposal

- **Birth Rate Analysis:** Birth rates are used to project future kindergarten enrollment. It is assumed if the births indicate there was an increase of 4% one year, then there will be a corresponding 4% increase in the kindergarten class five (5) years later.

- **Housing Development and Yield Rate Study:** New housing development can have a significant impact on future facility and demographic planning. A complete analysis of all current and future new housing developments will be researched by working with city, county and other local municipalities. A student yield rate analysis will also be conducted using the most current Census data. New housing development rates and yield factors are compared to the historical impact of development and if the future projections exceed the historical values, the projections are augmented accordingly.

- **District Special Education and Alternative Programs:** The projections for special education students and alternative programs are created by assuming those programs typically serve a percentage of the total District population. Therefore, as the District grows or declines, the enrollment in those programs would increase or decrease accordingly.

- **Site Capacity and Utilization Analysis:** By reviewing current district loading standards and how many available classrooms are situated at each school site, we can determine which schools have room for growth, which schools are overcrowded or which school sites may need to be considered for boundary changes or grade level reconfiguration. The classroom counts may not represent the current classrooms being used, as there may be unused rooms on the school site. In some cases, there may be fewer classrooms counted than current teaching stations if some of the rooms being used were designed for other purposes but are currently being used as classrooms due to overcrowding. The purpose of the classroom count and capacity are to show what the school capacity should be if all teaching spaces are being used in accordance with the educational programs of the District.

Administrative Regulation
Use of Seclusion and Restraint

AR 5131.41
Students

District staff shall enforce standards of appropriate student conduct in order to provide a safe and secure environment for students and staff on campus, but are prohibited from using seclusion and behavioral restraint to control student behavior except to the limited extent authorized by law.

(cf. 5131 - Conduct)
(cf. 5131.1 - Bus Conduct)
(cf. 6159.4 - Behavioral Interventions for Special Education Students)

Definitions

Behavioral restraint includes mechanical restraint or physical restraint used as an intervention when a student presents an immediate danger to self or to others. Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement. (Education Code 49005.1)

Mechanical restraint means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does not include the use of devices by peace officers or security personnel for detention or for public safety purposes. (Education Code 49005.1)

(cf. 3515.3 - District Police/Security Department)

Physical restraint means a personal restriction that immobilizes or reduces the ability of a student to move the torso, arms, legs, or head freely. Physical restraint does not include a physical escort in which a staff member temporarily touches or holds the student's hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. Physical restraint also does not include the use of force by peace officers or security personnel for detention or for public safety purposes. (Education Code 49005.1)

Prone restraint means the application of a behavioral restraint on a student in a facedown position. (Education Code 49005.1)

Seclusion means the involuntary confinement of a student alone in a room or an area from which the student is physically prevented from leaving. Seclusion does not include a timeout involving the monitored separation of the student in an unlocked setting, which is implemented for the purpose of calming the student. (Education Code 49005.1)

Prohibitions
Seclusion and behavioral restraint of students shall not be used in any form as a means of coercion, discipline, convenience, or retaliation.  (Education Code 49005.8)

(cf. 5144 - Discipline)

In addition, staff shall not take any of the following actions:  (Education Code 49005.2, 49005.8)

1.      Administer a drug that is not a standard treatment for a student's medical or psychiatric condition in order to control the student's behavior or restrict the student's freedom of movement

2.      Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use as a locked room

3.      Use a physical restraint technique that obstructs a student's respiratory airway or impairs a student's breathing or respiratory capacity, including a technique in which a staff member places pressure on the student's back or places his/her body weight against the student's torso or back

4.      Use a behavioral restraint technique that restricts breathing, including, but not limited to, the use of a pillow, blanket, carpet, mat, or other item to cover a student's face

5.      Place a student in a facedown position with the student's hands held or restrained behind the student's back

6.      Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the student or others

Limited Use of Seclusion or Restraint

Staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive.  (Education Code 49005.4, 49005.6, 49005.8)

(cf. 5131.4 - Student Disturbances)
(cf. 5131.7 - Weapons and Dangerous Instruments)

If a student is put in seclusion, the student shall be under constant, direct observation of a staff member. Such observation may be through a window or another barrier through which the staff member is able to make direct eye contact with the student, but shall not be made through indirect means such as a security camera or closed-circuit television.  (Education Code 49005.8)

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others.  (Education Code 49005.8)

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. Whenever possible, the staff member monitoring the student shall not be involved in restraining the student.  (Education Code 49005.8)

Reports
The Superintendent or designee shall annually collect data on the number of times that seclusion, mechanical restraint, and physical restraint were used on students and the number of students subjected to such techniques. The data shall be disaggregated by race/ethnicity and gender, and reported for students with a Section 504 plan, students with an individualized education program, and all other students. This report shall be submitted to the California Department of Education no later than three months after the end of each school year, and shall be available as a public record pursuant to Government Code 6250-6270. (Education Code 49006)

Board Policy

Interdistrict Attendance

BP 5117

Students

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

(cf. 5111.1 - District Residency)
(cf. 5116.1 - Intradistrict Open Enrollment)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

The district shall not provide transportation beyond any school attendance area. Upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for an interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.

Board Policy
District Residency

BP 5111.1
Students

The Governing Board desires to admit all students who reside within district boundaries or who fulfill the district residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

(cf. 5116 - School Attendance Boundaries)

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

(cf. 5116.1 - Intradistrict Open Enrollment)
(cf. 5117 - Interdistrict Attendance)
(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency to be eligible for enrollment into a district school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

(cf. 5111 - Admission)
(cf. 5125 - Student Records)

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

(cf. 5145.13 - Response to Immigration Enforcement)

A student's enrollment may be denied when the District Superintendent or Designee determined that submitted documentation is insufficient to establish district residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency
When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency. (Education Code 48204.1, 48204.2)

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district. (Education Code 48204.2)

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination. (Education Code 48204.2)

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 5 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)

A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were
not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the district may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

(cf. 5111.2 - Nonresident Foreign Students)
(cf. 6145.6 - International Exchange)

The district may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class. (Education Code 52317)

BUCKEYE UNION SCHOOL DISTRICT
APPROVED: ELDORADO HILLS, CALIFORNIA
Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and involves repetition or potential repetition of a deliberate act.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

4. Cyberbullying, such as sending demeaning or hateful text messages or emails, sending rumors by email or by posting on social networking sites, or posting embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements
strategies to promote a positive, collaborative school climate

(cf. 5131 - Conduct)
(cf. 5137 - Positive School Climate)

2. Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall make the California Department of Education's online training module on the dynamics of bullying and cyberbullying, which includes the identification of bullying and cyberbullying and the implementation of strategies to address bullying, available annually to all certificated staff and to other employees who have regular interaction with students. (Education Code 32283.5)

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences

2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed

5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.94 - History-Social Science Instruction)

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

(cf. 1312.3 - Uniform Complaint Procedures)

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim
files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))
(cf. 6159.4 - Behavioral Interventions for Special Education Students)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

(cf. 6164.2 - Guidance/Counseling Services)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

(cf. 5141.52 - Suicide Prevention)

BUCKEYE UNION SCHOOL DISTRICT
APPROVED: ELDORADO HILLS, CALIFORNIA
Interdistrict Attendance Agreements and Permits

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an Interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

After anticipated enrollment of current residence for the transfer year has been determined, the Superintendent or designee may approve Interdistrict attendance permits for the following reasons.

1. The date upon which the district will begin accepting and processing Interdistrict transfer requests for the following school year

2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence

3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision

4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request

5. Applicable timelines for processing a request, including the following statements:

   a. For an Interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.

   b. For an Interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the Interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than
14 calendar days after the commencement of instruction in the school year for which transfer is sought.

6. The conditions under which an existing Interdistrict transfer permit may be revoked or rescinded

Priority for Interdistrict attendance shall be given to a student who has been determined by staff of either the district of residence or district of proposed enrollment to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

After anticipated enrollment of current residents for the transfer year has been determined, the Superintendent or designee may approve interdistrict attendance permits for the following reasons:

1. To meet the child care needs of a student. Such students may be allowed to continue to attend district schools only as long as they continue to use a child care provider within district boundaries.

2. To meet a child's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.

(cf. 6159 - Individualized Education Program)

3. To avoid splitting the family's attendance between two districts when a student has a sibling attending school in the receiving district.

4. To allow a student to complete a school year when his/her parents/guardians have moved out of the district during that year, or when the student will be living outside of the district of residence for one year or less.

5. To allow students to remain with a class graduating that year from an elementary, middle, or senior high school, during that year.

6. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district.

7. When recommended by the School Attendance Review Board; or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.

(cf. 5113.1 - Chronic Absence and Truancy)

8. When there is valid interest in a particular educational program not offered in the district of residence.

9. To provide a change in school environment for reasons of personal and social adjustment.
10. When the transfer would be in the best interests of the student and the district as determined by the Superintendent or designee, based on any lawful, non-arbitrary considerations.

If the application is granted, the Superintendent or designee shall issue an interdistrict attendance permit setting forth the terms and conditions of the student's enrollment in the district, including bases for revocation of the permit, as described in this Regulation.

Interdistrict attendance permits or applications shall not be required for students enrolling in a regional occupational center or program.  (Education Code 52317)

Bases for Denial of Application

In accordance with applicable law, the Superintendent or designee may deny an application for an Interdistrict attendance permit on any of the following bases:

1. Capacity Has Been Reached

   If capacity has been reached in the relevant grade or program based on the actual enrollment figures of current residents and continuing students for the requested transfer year, or the anticipated enrollment figures available as of April 1, or the date of the application, whichever is later, for transfers to take effect in the next school year.

   For all student programs, capacity for Interdistrict transfer purposes shall be when the school's enrollment at the relevant grade level reaches eighty percent (90%) of capacity, or when the school's total enrollment reaches eighty percent (80%) of capacity.

For Special Education Classes and Programs:

A Resource Specialist Program (RSP)/Specialized Academic Instruction/Mild to Moderate Needs, will be considered at capacity for Interdistrict Transfer Application purposes either when the case carrier's caseload reaches a student: case carrier ratio of 22:1, or the requested grade is at capacity at the requested school.

A Special Day Class (SDC) Program/Specialized Academic Instruction/Moderate to Intensive Needs, will be considered at capacity for Interdistrict Transfer Application purposes either when enrollment in the program at the requested grade reaches a student: teacher ratio of 10:1, or the requested grade is at capacity at the requested school.

As the District establishes new or different classes or programs for which capacity a capacity limit is not included herein, it may establish appropriate capacity, for Interdistrict Transfer Application purposes, for any such class or program.

Capacity limits are intended to allow space for new resident growth. These capacity limits are intended to allow space for District residents who enroll during the summer or enroll in the program(s) during the school year.
If the number of pending Applications exceeds capacity in a grade or program, the order of consideration will be as follows:

* First priority consideration will be given to Applications for students who have one or more siblings currently enrolled in the district.

* Second priority will be given to Applications for students who have been enrolled in the district in the school year immediately preceding the requested year of transfer.

After applying the priorities set forth above, in the event of a tie, a lottery will be held to determine the relative priority of the Applications. Upon reaching capacity in a particular grade or program, the Superintendent or designee shall send to the parents/guardians a Notice of Decision denying their Application and advising that their student's name will be placed on a waiting list unless the parents/guardians request otherwise.

2. The District does not have an appropriate educational program to meet the student's needs.

3. Unsatisfactory Attendance

   The student's school records for the preceding 12-month period reflect unsatisfactory attendance, which may include, but is not limited to, a total of three (3) or more unexcused absences and/or unexcused tardy arrivals, or a total attendance rate of less than ninety percent (90%).

4. Unsatisfactory Academic Performance

   The student's school records for the preceding 12-month period reflect unsatisfactory academic performance, which may include, but is not limited to, grades that do not "meet standards" in the majority of student's subject areas/courses of study; unexcused, inconsistent completion of homework; regularly coming to class unprepared without an excusable reason; etc.

5. Unsatisfactory Behavior

   The student's school records in the preceding 12-month period reflect unsatisfactory behavior which may include, but is not limited to, a history of disciplinary referral(s), detention(s), suspension(s), recommendation(s) for expulsion, or expulsion(s).

6. The Application is incomplete or contains information that is false or misleading.

7. The governing boards of the district and the student's district of residence have not entered into an interdistrict attendance agreement.  (Education Code 46600)

8. The denial would be in the best interests of the District as determined by the Superintendent or designee based on any lawful, non-arbitrary considerations.
If an Application is denied by the Superintendent or designee, the parents/guardians of the student may appeal to the County Board of Education within 30 days. Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending, or during the term of the expulsion. (Education Code 46601)

Bases for Revocation/Termination of Interdistrict Attendance Permit

Every Interdistrict attendance permit shall stipulate the terms and conditions under which the permit may be revoked. (Education Code 46600)

An Interdistrict attendance permit may be revoked by the Superintendent or designee for any of the following reasons:

1. Unsatisfactory academic performance (as defined above under Bases for Denial) at the district.
2. Unsatisfactory attendance (as defined above under Bases for Denial) at the district.
3. Providing incomplete, false or misleading information on the Application.
4. Repeated disruptive or otherwise unsatisfactory conduct in violation of Education Code sections 48900 et seq.
5. Suspension from the district as authorized by Education Code sections 48900 et seq.
6. Recommendation for expulsion or expulsion from the district as authorized by Education Code sections 48900 et seq.
7. Any other lawful, non-arbitrary basis for the district to conclude it would be in the best interest of the student, the student's school, or the district for the Interdistrict attendance permit to be revoked.

If an Interdistrict attendance permit is revoked by the Superintendent or designee, the parent/guardian of the student may appeal to the Superintendent for further consideration. An appeal must be submitted in writing to the Superintendent and received in the District Office on or before the fifth calendar day following the date of the Notice of Revocation, excluding Saturdays, Sundays and days when the District Office is closed, or the right to appeal shall be deemed waived.
Application Procedures and Timeline

An Interdistrict attendance enrollment period will be held during February - April for the subsequent school year. During this period, a student may apply to attend a school in the district, pursuant to the procedures in this section.

1. All applications for Interdistrict attendance permits must be approved by the student's district of residence prior to submission to the district.

2. Parents/Guardians should submit applications for Interdistrict attendance permits to the District Office between February 5 and April 15 of the school year preceding the requested year of enrollment. Applications submitted outside of these dates may be denied.

3. No later than thirty (30) calendar days after receipt of a completed application for Interdistrict attendance permit, the Superintendent or designee shall provide written notification by mail to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for the denial shall be stated.

4. Approved applicants must confirm their enrollment within ten (10) school days of receipt of the notification letter by bringing the notification letter to the school at which the student will be transferring and completing the registration process. Failure to complete the registration process at the school at which the student will be transferring by the end of the regular school year will cause the student's space to be relinquished.

5. Once enrolled in a school through an Interdistrict attendance permit, a student shall not be required to reapply for readmission on a yearly basis. Parents/guardians shall be required to apply for a new Interdistrict attendance permit if the parents/guardians wish to enroll the student at a school in the district other than that school in which he/she is enrolled. Parents/guardians wishing to enroll a student in a different district school must follow the same procedures and timelines outlined above for new requests. Prior approval of an application does not guarantee approval of any subsequent request.

6. The District reserves the right to change the school of enrollment of a child enrolled through an Interdistrict attendance permit between school years in order to make space in a school or program for a student who is a resident of the district.

Transportation

The district shall not provide transportation outside the school's attendance area.

Bullying

AR 5131.2
Students

Definitions

Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and involves repetition or potential repetition of a deliberate act.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)
(cf. 6163.4 - Student Use of Technology)

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

4. Cyberbullying, such as sending demeaning or hateful text messages or emails, sending rumors by email or by posting on social networking sites, or posting embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools,
including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

   (cf. 5131 - Conduct)
   (cf. 5137 - Positive School Climate)

2. Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall make the California Department of Education's online training module on the dynamics of bullying and cyberbullying, which includes the identification of bullying and cyberbullying and the implementation of strategies to address bullying, available annually to all certificated staff and to other employees who have regular interaction with students. (Education Code 32283.5)

   (cf. 4131 - Staff Development)
   (cf. 4231 - Staff Development)
   (cf. 4331 - Staff Development)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

3. Identify the signs of bullying or harassing behavior

4. Take immediate corrective action when bullying is observed

5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.94 - History-Social Science Instruction)

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the
bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

(cf. 1312.3 - Uniform Complaint Procedures)

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))
(cf. 6159.4 - Behavioral Interventions for Special Education Students)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)
(cf. 6164.2 - Guidance/Counseling Services)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.
