January 2022

Dear Parents and Guardians,

As Superintendent of the Buckeye Union School District, I would like to welcome you. I am sure you are excited to begin your educational experience with us, just as I am pleased to have you as a new member of the Buckeye family. It is the mission of the Buckeye Union School District to provide the highest quality educational program for all students so that they fulfill their innate potential, become lifelong learners, and contribute to society as responsible citizens.

The Buckeye Union School District is renowned for the quality of its schools, which have been recognized with numerous State and National awards. We offer a comprehensive educational experience that includes technology-rich, standards based educational opportunities provided by a highly qualified and dedicated team of teachers and support staff. Additionally, we receive significant support from our generous parents and community.

Our programs are enhanced by a K-8th grade articulated science program, elementary physical education specialists, staffed libraries, elementary and middle school band, school counselors, 1-to-1 computer device access, instructional coaches, and well designed interventions. Many extra-curricular activities exist including elementary and middle school sports as well as STEM clubs and school garden programs.

As a new parent to our school area, it is important for you to understand that each school’s enrollment is changing due to increasing and shifting enrollment patterns within our attendance areas. Consequently, it is extremely difficult to guarantee that your child will be housed in a particular school during the coming school years. I want to assure you that we will make every effort to keep your child in your neighborhood school. It may be necessary, however, for us to transport some children to other schools within the district in order to comply with state laws and district policies on class size.

If you have any questions regarding these issues, please contact your school site principal.

Once again, welcome to Buckeye Union School District. We look forward to working with you and your children.

Sincerely,

David Roth, Ph.D.
Superintendent

Dear Parents and Guardians,

To make sure your child is ready for school, California law, Education Code Section 49452.8, requires that your child have an oral health assessment (dental check-up) by May 31st, at the end of Transitional Kindergarten, Kindergarten or first grade, whichever is his/her first year in public school. Assessments that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment must be done by a licensed dentist or other licensed or registered dental health professional.

Take the attached Oral Health Assessment/Waiver Request form to the dental office, as it will be needed for your child’s check-up. If you cannot take your child for this required assessment, please indicate the reason for this in Section 3 of the form. You can get more copies of the necessary form at your child’s school or online from the California Department of Education’s website at http://www.cde.ca.gov/ls/he/hn/ California law requires schools to maintain the privacy of students’ health information. Your child’s identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

1. Medi-Cal/Denti-Cal’s toll-free number or website can help you to find a dentist who takes Denti-Cal: 1-800-322-6384; http://www.denti-cal.ca.gov. For help enrolling your child in Medi-Cal/Denti-Cal, contact Medi-Cal/Healthy Families’ toll-free number 1-800-880-5305.
2. Healthy Families’ toll-free number or website can help you to find a dentist who takes Healthy Families insurance or to find out if your child can enroll in the program: 1-800-880-5305 or http://www.healthyfamilies.ca.gov/hfhome.asp.
3. For additional resources that may be helpful, contact your local Public Health Department of El Dorado County 530-621-6100 or Sacramento County 916-874-2256.

Remember, your child is not healthy and ready for school if he or she has poor dental health. Here is important advice to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child’s diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The fewer candy and sweet drinks, the better!

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child’s progress and success in school, including dental health. Children must be healthy to learn, and children with cavities are not healthy. Cavities are preventable and they affect more children than any other chronic disease.

If you have questions about the new oral health assessment requirement, please contact Nicole Schraeder, Director of Student Services, at 916-985-2183.
Oral Health Assessment Form

California law (*Education Code* Section 49452.8) states your child must have a dental check-up by May 31 of his/her first year in public school. A California licensed dental professional operating within his scope of practice must perform the check-up and fill out Section 2 of this form. If your child had a dental check-up in the 12 months before he/she started school, ask your dentist to fill out Section 2. If you are unable to get a dental check-up for your child, fill out Section 3.
