### **Registration/Enrollment (2024/2025)**

Buckeye Union School District announces that beginning **February 5, 2024**, registration for the **2024/2025** school year will be *online*, via the school website.

- If you are uncertain about your home school, please visit the district website [HERE](#) to input the address of your current residency to access this information.
- Information about transfer requests is listed below.
- If you need any further registration information, please contact the school.
- If your student is currently enrolled with Buckeye USD, you do NOT need to re-register each year.

It is important to understand that your child's registration packet is not complete if ALL required documents (pg. 2) required to be submitted have not been submitted to school officials and, therefore, your child will not be enrolled at the time of submission of the enrollment packet, but rather placed on a waitlist pending completion of the required enrollment information. School staff will contact you if your enrollment packet is deemed incomplete and request the information needed to enroll your child upon its submission.
